DENISHRAJA I

FULL STACK WEB DEVELOPER

7200640815 | denishraja011@gmail.com | denishraja.i@ckcet.ac.in | LinkedIn | Neyveli, Tamil Nadu 607802

SUMMARY

*Results-driven Computer Science undergraduate seeking a **Full-Stack Developer** role. Skilled in React, Node.js, Django, Python and MongoDB, with hands-on internship experience and a passion for building **AI-powered web applications**.*

EDUCATION

B.E. IN COMPUTER SCIENCE & ENGINEERING
CK College of Engineering & Technology, Cuddalore – CGPA: 8.35 (Upto 4 semesters)
CLASS XII - NLC Higher Secondary School, Neyveli-2 – 81.1%
CLASS X - NLC Higher Secondary School, Neyveli-2 – 69.4%

INTERNSHIPS

INTERN - WEB DEVELOPMENT AT NEXTGEN SOLUTIONS, Cuddalore *December 2025 - January 2026*
Worked on developing and maintaining web applications using HTML, CSS, and JavaScript. Gained practical experience in web development and responsive design.

FULL STACK WEB DEVELOPER AT EAGLE-HIGHTECH SOFTCLOU PVT.LTD, Chennai *11/06/26 to 11/07/26*
Completed hands-on training in full-stack Java development and worked on web applications with backend and database integration.

MERN STACK DEVELOPMENT INTERN AT AEX XENORA TECHNOLOGIES, Coimbatore *Currently*
Currently gaining hands-on experience in full-stack development using React, Python and DBMS.

SKILLS

- HTML
- CSS
- JavaScript
- Python
- C
- Java
- MongoDB, MySQL
- Django and Node.js
- DSA
- n8n
- Vibe coding

PROJECTS

- **NX ChemisTree – AI Chemistry Learning Platform (Gemma 4)** | Stack: React, TypeScript, Supabase, Generative AI
  - Built for the Good Hackathon on Kaggle to make chemistry easier and more engaging for students.
  - Developed an AI tutor that helps students understand chemistry concepts through guided explanations.
  - Added interactive 3D molecule visualization and a virtual chemistry lab for hands-on practice without physical equipment.
  - Used React with TypeScript for a type-safe frontend and Supabase as the backend.
- **AR for Medora Telemedicine** | AR, Telemedicine, AI
  - Designed an AR-based solution that improves patient-doctor interaction during remote consultations.
  - Part of Medora, an AI-enhanced telemedicine platform aimed at improving healthcare access in rural areas.
  - Presented at National Science Day, Tech Fest 2K26, St. Anne's College, Panruti.
- **CK OptivaOne – Competitor Profile Engine** | AI, Data Collection, Analytics
  - Developed an AI-powered competitor analysis platform that collects company and social media data.
  - Generates insights, side-by-side competitor comparisons and automated analysis reports, reducing manual research effort.

EVENTS AND PARTICIPATION

- **CyberSentinel 2K25** – Participated in Blend Coding and Code Marathon at Vel Tech High Tech, Chennai.
- **KrishCon 2025 & Technova '25** – Presented technical papers at Krishnasamy College and V.R.S. College of Engineering.
- **TechFest 2026** – Participated in a National Conference at Ocean Academy, JIPMER, Puducherry.
- **Project Expo 2026** – Presented a project during Founder's Day at C.K. College.

CERTIFICATIONS

- NPTEL – Programming in Java (97%)
- NPTEL – DBMS (52%), IIT KGP
- Generative AI Validation
- C & C++ Diploma – CSRI
- Agentic AI Workshop
- DSA Masterclass
- Full Stack Backend Workshop – L&T

ACHIEVEMENTS AND AWARDS

- 1st Place – Coding Error Debugging, E3 Wave 2K26, University College of Engineering, Panruti.
- Top 10 Idea – Tamil Nadu SIDP 2022-23, District Level, UNICEF & EDII-TN.
- 2nd place winner in CKCET Funders Day 2026.

ADDITIONAL

- **Languages** - Tamil, English
- **Soft skills** - Problem solving, Team work, Communication, Adaptability
